HORNSILVER SHOWING UNUSUAL ACTIVITY

Special to Bonanza.
HORNSILVER, Mar. 10.—J. W. O'Banion, well known Renoite, visited the district this week and made an examination of several properties. While here he secured an option on three mining claims owned by Mendenhall Clark. Mr. O'Banion, following an investigation of the Rosetta holdings, stated he was amazed at the showing and he considers the mineral discovery recently made as being one of the most important that has been called to his attention in southern Nevada in many years. He expects to return the coming week to inaugurate work on the Clark property.

T. C. Link and Henry Hansen, owners of the Silver Horn group of claims, arrived here Wednesday and have inaugurated development upon their property.

Marion Butler has returned to Hornsilver to make an investigation of the many mineral finds that have been of late.

The school entertainment given Thursday night was well attended. The program was followed by a dance which was thoroughly enjoyed by all present.

MINE OPERATORS DO NOT WITHDRAW FROM SUPPORT CANDIDATE

The rumor that the mine operators' Association of Tonopah had withdrawn their support from their candidate for appointment as constable and chief of police of Tonopah, is denied in toto by members of the association. They say they stand just where they have always stood from the inception of the matter and have had no reason to change their views.

In view of the fact that the Mine Operators' Association embraces two hundred taxpayers in the district it would seem that they are entitled to a great deal of consideration in the selection of a chief of police, irrespective of whom they may decide upon.

SALE ARMY GOODS PROBE IS HALTED

(By Associated Press)
LOS ANGELES, Mar. 10.—The federal grand jury investigation of an alleged conspiracy to defraud the government by manipulation of bids at the army goods auction at Camp Kearney last month was postponed for a week or so to permit of the United States attorney here to complete his report. It was announced today.

(By Associated Press)
WASHINGTON, Mar. 10.—Nine locations of 20 wavelength amateur radio stations of wireless telephone, and government control of establishments in all commercial radio telephone transmitting stations, was recommended today by the first committee of the radio conference.

REX BEACH ALASKA

STORY TODAY AT BUTLER

The theme of "The North Wind's Mallet" is distinctly unusual. Mr. Beach tells of the dreadful winter in upper Alaska which descends upon the country like an avenging spirit, shrouding the land in its freezing pall. The furious cold shuts men and women up tight in their cabins and grinds into their minds a terrible despair—the grim spectre of mortality. In this atmosphere, trivial incidents are exaggerated beyond their importance and hate flames as on the slightest pretext.

This is the thrilling background for the wonderful story told in "The North Wind's Mallet," a story of love, adventure, furious revenge and golden romance, played by an excellent cast including Vera Gordon, the wonderful mother of "Humoresque" and Tom Sawyer, who made his reputation in "The Sooties," an actor of Rex Beach's Alaska stories. It will be shown at the Butler today.

Added to the program Screen-Save shorts of famous movie stars and Ford Educational Weekly.

Tomorrow Buck Jones in a western thriller, "To a Finish," and Jane and Katherine Lee, the "Baby Grands" in a 2-reel comedy, "The Baby Grands."

Monday, Mabel Normand in her latest picture, "Molly O' Mooney."

JOHN G. KIRCHEN IS SUFFERING INFECTED EYE

John G. Kirchen, manager of the Tonopah Extension Mining company, who is confined in his home suffering with an infected left eye, the cold having entered there. The eye is badly inflamed but hot applications are being applied and it is believed that the ailment will rapidly disappear.
